

Dear Friend,

It is with great pleasure that I welcome you to First Grade this year at Amagansett School. My name is Mrs. Moira Hussey. I am looking forward to a wonderful year of working with both you and your family. We will be doing many new and exciting things throughout the school year. As your teacher, I promise to provide a positive, safe, learning environment.

As I am sure you are as eager to start our school year together, I decided to let the excitement unfurl by introducing myself. I reside in Southampton with my family. I enjoy going to the beach because it is my favorite place to read a book! Speaking of favorite things, First Grade is at the top of the list because there are so many things to explore in reading and writing, especially nonfiction studies. Not only will we be looking at some amazing books by various authors, but also you will discover what a wonderful author you are!

Enclosed you will find a list of supplies that you will need for this school year. Please bring these items within the first week. You will have your own desk to store all of your goodies in. I hope your summer vacation has been filled with great experiences that I cannot wait to hear about in September! I look forward to meeting you on the first day of school, September 6th.

Sincerely,
Mrs. Moira Hussey
